

RSR054 12" EP Street Date: February 2nd, 2024 INTERCOURSE "EGYPTIAN DEMOCRACY / BUM WINE"

Intercourse formed in 2013 and has been annoying ever since. With the goal of ditching the pretension of noise rock and fusing it with the immediacy of hardcore they've managed a release a year since 2014. 2021's *Rule 36* (Reptilian / Constant Disappointment) and 2023's *Halo Castration Institute* (Learning Curve / Redscroll) helped the band reach a new level of notoriety with positive reviews across the board.

With the release of a new EP *Egyptian Democracy* looming for winter of 2024 the band is sure to become the high watermark for annoying adults who dress like they're 17 and simply will not quit.

The B side is the long out-of-print material (previously only available as a 7"), *Bum Wine*.

Intercourse have recently toured with contemporaries, **Chat Pile**, and have opened for **Deadguy**, **Great Falls**, and **Pissed Jeans**.
