

# RSR060 / VOID-005 THEODEN'S REIGN "Citadel of the Stars" LP

Street Date: February 7<sup>th</sup>, 2025

**Theoden's Reign** returns with the highly anticipated sophomore album, *Citadel of the Stars*. Mystically presenting itself as a monumental progression in the Theoden's Reign signature sound of epic medieval atmospheric black metal. Picking up where the debut *Mitheithel* left off, sole member Herald expands the sonic landscape with a more refined immersive approach, weaving together majestic passages with raw, unrelenting aggression. Layered atmospheric synths alongside the project's characteristic tremolo-picked riffs, Theoden's Reign has created a vast, cinematic journey that evokes both grandeur and melancholy. *Citadel of the Stars* is not only a testament to the project's musical growth, but also a stunning achievement that is sure to captivate both current fans and newcomers alike.
